SECTION B: INFORMATION TO CONSULTANTS

1. INTRODUCTION

- 1.1 The Employer named in Annex “A” will select a firm among those invited to submit a proposal, in accordance with the method of selection detailed under this section.
- 1.2 The Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in Annex “A” for consulting services required for the assignment named in the said Annex. A Technical Proposal only may be submitted in assignments where the Employer intends to apply standard conditions of engagement and scales of fees for professional services as is the case with Building and Civil Engineering Consulting services. In such a case the highest ranked firm of the technical proposal shall be invited to negotiate a contract on the basis of scale fees. The proposal will be the basis for Contract negotiations and ultimately for a signed Contract with the selected firm.
- 1.3 The Consultants are informed that PRE-BID site visit is **mandatory** and they shall examine the Site of Works and its surroundings and obtain for themselves all information that may be necessary for preparing the bid and entering into a contract for the Works. The costs of visiting the site shall be borne entirely by the Consultants. The Consultants and any of their Staff or agents will be granted permission by the Employer to enter its premises and lands for the purpose of such inspection, but only on the express condition that the Consultants, their Staff and agents, will release and indemnify the Employer and its Staff and agents from and against all liability in respect thereof, and will be responsible for personal injury (whether fatal or otherwise), loss of or damage to property and any other loss, damage, costs and expenses however caused, which but for the exercise of such permission would not have arisen.
- 1.4 The Employer will conduct a Site visit, attendance of which is mandatory for all bidders. Failure to attend the site visit by any bidder will lead to disqualification of his/her proposal.
- 1.5 Consultants are encouraged to liaise with the Employer regarding any information that they may require before submitting a proposal and to attend a pre-proposal conference where applicable. Consultants should contact the officials named in Annex “A” to arrange for any visit or to obtain additional information on the pre-bid site visit. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 1.6 The Employer will provide the inputs specified in Annex “A”, assist the firm in obtaining licenses and permits needed to carry out the services and make available relevant project data and reports.
- 1.7 Please note that (i) the costs of preparing the proposal and of negotiating the Contract, including any visit to the Employer or project road(s) are not reimbursable as a direct cost

of the assignment; and (ii) the Employer is not bound to accept any of the proposals submitted.

2. CLARIFICATION AND AMENDMENT OF RFP DOCUMENTS

- 2.1 Consultants may request a clarification of any of the RFP documents only up to seven [7] days before the proposal submission date. Any request for clarification must be sent in writing by paper mail, cable, telex, facsimile or electronic mail to the Client's address indicated in Annex "A". The Employer will respond to such requests through writing (including an explanation of the query but without identifying the source of inquiry) to all invited Consultants who intend to submit proposals.
- 2.2 At any time before the submission of proposals, the Employer may for any reason, whether at his own initiative or in response to a clarification requested by an invited firm, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent to all invited Consultants and will be binding on them. The Employer may at his discretion extend the deadline for the submission of proposals.

3. PREPARATION OF PROPOSAL

- 3.1 The Consultants' proposals shall be written in English language.

Technical Proposal

- 3.2 In preparing the Technical Proposal, Consultants are expected to examine the documents constituting this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a proposal.
- 3.3 While preparing the Technical Proposal, Consultants must give particular attention to the following: -
- a) If a firm considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual Consultant(s) and/or other firms or entities in a joint venture or sub consultancy as appropriate. Consultants shall not associate with the other Consultants invited for this assignment. Any firms associating in contravention of this requirement shall automatically be disqualified.
 - b) For assignments on a staff-time basis, the estimated number of professional staff-months or weeks is given in Annex "A". The proposal shall however be based on the number of professional staff- months or weeks estimated by the firm.
 - c) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relationship with it.
 - d) Proposed professional staff must as a minimum, have the experience indicated in Annex "A", preferably working under conditions similar to those prevailing in Kenya.

- 3.4 Alternative professional staff shall not be proposed and only one Curriculum Vitae (CV) may be submitted for each position. The Technical Proposal shall provide the following information using the attached Standard Forms: -
- a) A brief description of the firm's organization and an outline of recent experience on assignments of a similar nature. For each assignment the outline should indicate *inter alia*, the profiles of the staff proposed, duration of the assignment, contract amount and firm's involvement.
 - b) Any comments or suggestions on the Terms of Reference, a list of services and facilities to be provided by the Client.
 - c) A description of the methodology and work plan for performing the assignment.
 - d) The list of the proposed staff team by speciality, the tasks that would be assigned to each staff team member and their timing. No dual roles shall be permitted and each proposed staff member shall have only one role.
 - e) CVs recently signed (**after the date of invitation of Consultants**) by the proposed professional staff and the authorized representative submitting the proposal. Key information should include number of years working for the firm/entity and degree of responsibility held in various assignments.
 - f) Estimates of the total staff input (professional and support staff staff-time) needed to carry out the assignment supported by bar chart diagrams showing the time proposed for each professional staff team member.
 - g) A detailed description of the proposed methodology, staffing and monitoring of training, if Annex "A" specifies training as a major component of the assignment.
 - h) The Firm's organisational chart showing the reporting structure of staff in undertaking the assignment.
 - i) Any additional information requested in Annex "A".
- 3.5 The Technical Proposal shall not include any financial information.

Financial Proposal

- 3.6 In preparing the Financial Proposal, Consultants are expected to take into account the requirements and conditions outlined in the RFP documents. The Financial Proposal should follow Standard Forms (Section D). It lists all costs associated with the assignment including; (a) remuneration for staff (in the field and at headquarters), and; (b) reimbursable expenses such as subsistence (per diem, housing), transportation (international and local, for mobilization and demobilization), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance, printing of

documents, surveys, and training, if it is a major component of the assignment. If appropriate these costs should be broken down by activity.

- 3.7 The Financial Proposal should clearly identify as a separate amount, the local taxes, duties, fees, levies and other charges imposed under the law on the Consultants, the sub-Consultants and their personnel, unless Annex “A” specifies otherwise.
- 3.8 Consultants shall express the price of their services in Kenya Shillings.
- 3.9 Commissions and gratuities, if any, paid or to be paid by Consultants and related to the assignment will be listed in the Financial Proposal Submission Form.
- 3.10 The Proposal must remain valid for **210** days after the submission date. During this period, the Consultant is expected to keep available, at his own cost, the professional staff proposed for the assignment. The Employer will make his best effort to complete negotiations within this period. If the Employer wishes to extend the validity period of the proposals, the Consultants who do not agree have the right not to extend the validity of their proposals.

4. SUBMISSION, RECEIPT, AND OPENING OF PROPOSALS

- 4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see para. 1.2) shall be prepared in indelible ink. It shall contain no interlineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialled by the persons or person authorised to sign the proposals.
- 4.2 For each proposal, the Consultants shall prepare the number of copies indicated in Annex “A”. Each Technical Proposal and Financial Proposal shall be marked “**ORIGINAL**” or “**COPY**” as appropriate. If there are any discrepancies between the original and the copies of the proposal, the original shall govern.
- 4.3 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked “**TECHNICAL PROPOSAL**,” and the original and all copies of the Financial Proposal in a sealed envelope clearly marked “**FINANCIAL PROPOSAL**” and warning: “**DO NOT OPEN WITH THE TECHNICAL PROPOSAL**”. Both envelopes shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and other information indicated in Annex “A” and be clearly marked, “**DO NOT OPEN, EXCEPT IN PRESENCE OF THE OPENING COMMITTEE.**”
- 4.4 The completed Technical and Financial Proposals must be delivered at the submission address on or before the time and date stated in Annex “A”. Any proposal received after the closing time for submission of proposals shall be returned to the respective consultant unopened.

- 4.5 After the deadline for submission of proposals, the Technical Proposal shall be opened immediately by the evaluation committee. The Financial Proposal shall remain sealed and deposited with a responsible officer of the Employer department until all submitted proposals are opened publicly.

5. EVALUATION OF PROPOSAL: GENERAL

- 5.1 From the time the bids are opened to the time the Contract is awarded, if any Consultant wishes to contact the Employer on any matter related to their proposal, they should do so in writing at the address indicated in Annex "A". Any effort by the firm to influence the Employer in the proposal evaluation, proposal comparison or Contract award decisions may result in the rejection of the Consultant's proposal.
- 5.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

Clarification of Proposals and Contacting of the Employer

- 5.3 To assist in the examination, evaluation, and comparison of Proposals, the Employer may, at its discretion, ask any Consultant for clarification of its Proposal, including breakdowns of unit rates. The request for clarification and the response shall be in writing or by cable, but no change in the price or substance of the bid shall be sought, offered, or permitted except as required to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the bids in accordance with 5.6, 5.7 & 5.8 below.
- 5.4 Subject to Clause 2 above, no bidder shall contact the Employer on any matter relating to its Proposal from the time of the bid opening to the time the contract is awarded. If the bidder wishes to bring additional information to the notice of the Client, it should do so in writing.

Examination of proposals and determination of responsiveness

- 5.5 Prior to the detailed evaluation of proposals, the Employer will determine whether each proposal (a) has been properly signed; (b) is substantially responsive to the requirements of the Request for Proposal; and (c) provides any clarification and/or substantiation that the Employer may require to determine responsiveness pursuant to Sub-Clause 5.7.
- 5.6 A substantially responsive proposal is one that conforms to all the terms, conditions, and specifications of the bidding documents without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the works; (b) which limits in any substantial way, inconsistent with the Request for Proposal, the Client's rights or the Bidder's obligations under the Contract; or (c) whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive bids.

- 5.7 If a Proposal is not substantially responsive, it will be rejected by the Employer and may not subsequently be made responsive by correction or withdrawal of the nonconforming deviation or reservation.

Evaluation and Comparison of Proposals

- 5.8 The Employer will then evaluate and compare only the proposals determined to be substantially responsive. Any variation, deviation and alternative offers will be rejected and shall not be taken into account in proposal evaluation. The responsiveness criteria shall be as per the table below together with the requirements outlined in the Invitation to Consultants.

Responsiveness Criteria			Compliance Requirements

Evaluation of Technical Proposals

- 5.9 The evaluation committee appointed by the Employer shall evaluate the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria as follows: -

S/No.	Description	Points
(i)	Specific experience of the Consultant related to the assignment	10
(ii)	Comments on Terms of Reference	5
(iii)	Adequacy of the proposed work plan and methodology in responding to the terms of reference	35
(iv)	Qualifications and competence of the key staff for the assignment	50
	Total Points	<u>100</u>

Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in Annex “A”.

Public Opening and Evaluation of Financial Proposals

- 5.10 After Technical Proposal evaluation, the Employer shall notify those Consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be

returned after completing the selection process. The Employer shall simultaneously notify the Consultants who have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals and stating that the opening ceremony is open to those Consultants who choose to attend. The opening date shall not be sooner than seven (7) days after the notification date. The notification may be sent by registered letter, cable, telex, facsimile or electronic mail.

- 5.11 The Financial Proposals shall be opened publicly in the presence of the Consultants/Firms invited for the opening, who choose to attend.
- 5.12 The name of the Consultant, the technical scores and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Employer shall prepare minutes of the public opening.
- 5.13 The evaluation committee will determine whether the financial proposals are complete (i.e. whether the Consultant has costed all the items of the corresponding Technical Proposal and corrected any computational errors). The Evaluation Committee will ensure that the Financial Proposals satisfy the requirements of the Terms of Reference and in particular the conformity to the format provided in the Financial Proposal forms. Failure to include all the inputs e.g. Client's Administrative Costs, P.C. Sums, Lump sums etc. shall lead to the disqualification of the proposals. The cost of any unpriced items shall be assumed to be included in other costs in the proposal. In all cases, the total price of the Financial Proposal as submitted shall prevail. Where there is a discrepancy between the total of the line amounts and the total price, the error will be corrected in such a manner that the Total Price as submitted is not altered.
- 5.14 While comparing proposal prices between local and foreign firms participating in a selection process in financial evaluation of Proposals, firms incorporated in Kenya where indigenous Kenyans own 51% or more of the share capital shall be allowed a 10% preferential bias in proposal prices. However, there shall be no such preference in the technical evaluation of the tenders. Proof of local incorporation and citizenship shall be required before the provisions of this sub-clause are applied. Details of such proof shall be attached by the Consultant in the financial proposal.
- 5.15 The formulae for determining the Financial Score (Sf) shall, unless an alternative formula is indicated in Annex "A", be as follows: -

$Sf = 100 \times \frac{FM}{F}$ where Sf is the financial score; FM is the lowest priced financial proposal and F is the price of the proposal under consideration.

Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T=the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the Annex.

The combined technical and financial score, S, is calculated as follows: - $S = S_t \times T \% + S_f \times P \%$. The firm achieving the highest combined technical and financial score will be invited for negotiations.

6. NEGOTIATIONS

- 6.1 Negotiations will be held at the same address as “address to send information to the Client” indicated in Annex “A”. The aim is to reach agreement on all points of the assignment before signing a contract.
- 6.2 Negotiations will include a discussion of the Technical Proposal, the proposed methodology (work plan), staffing and any suggestions made by the firm to improve the Terms of Reference. The Employer and firm will then work out final Terms of Reference, staffing and bar charts indicating activities, staff periods in the field and in the head office, staff-months, logistics and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the “Description of Services” and form part of the Contract. Special attention will be paid to getting the most the firm can offer within the available budget and to clearly defining the inputs required from the Employer to ensure satisfactory implementation of the assignment.
- 6.3 Unless there are exceptional reasons, the financial negotiations will not involve the remuneration rates for staff.
- 6.4 Having selected the firm on the basis of, among other things, an evaluation of proposed key professional staff, the Employer expects to negotiate a contract on the basis of the experts named in the proposal. During contract negotiations, the Employer will require assurances that the experts will be actually available. The Employer will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. However, in the event of the proposed key Staff being engaged in another assignment running concurrently with the one under procurement, the Employer will seek a replacement of the proposed key Staff with equally qualified personnel. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.
- 6.5 The negotiations will conclude with a review of the draft form of the Contract. To complete negotiations the Employer and the selected firm will initial the agreed Contract. If negotiations fail, the Employer will invite the firm whose proposal received the second highest score to negotiate a contract.

7. AWARD OF CONTRACT

- 7.1 The Contract will be awarded to the Lowest Evaluated Bidder, the Employer will promptly notify other Consultants on the shortlist that they were unsuccessful and return the Financial Proposals of those Consultants who did not pass the technical evaluation.

7.2 The Employer will invite the successful bidder to sign the Form of Agreement. Within 14 (fourteen) days of such invitation, the bidder shall sign the form of Agreement together with other required forms as necessary.

7.3 The selected firm is expected to commence the assignment on the date and at the location specified in Annex "A".

8. EMPLOYER'S RIGHT TO ACCEPT ANY BID AND TO REJECT ANY OR ALL BIDS

8.1 The Employer reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder or bidders or any obligation to inform the affected bidder or bidders of the grounds for the Employer's action.

8.2 The Employer will annul any award of Contract: -

- a) If the bidder withdraws his bid after award;
- b) If the bidder does not accept the correction of errors pursuant to Sub-Clause 5.7;
- c) In the case of a successful bidder, if he fails within the specified time limit to: -
 - i) Furnish the necessary Professional Indemnity Cover
 - ii) Sign the Contract Agreement.

9. CONFIDENTIALITY

9.1 Information relating to evaluation of proposals and recommendations concerning awards shall not be disclosed to the Consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning firm has been notified that it has been awarded the Contract.

10. PREFERENCES AND RESERVATIONS

10.1 The procurement process for the Consultancy services shall be in accordance with the Public Procurement and Asset Disposal Act (2015) in respect of preferences and reservations.

Kenya Rural Roads Authority desires to engage a Consultant to undertake Environmental and Social Impact Assessment for Upgrading to Bitumen Standard of Bulla Alghi - Korakora Road.

The detailed description of the Consulting services to be performed is described in these Terms of Reference (TOR).

1.1 Description of the Project

The project road is located in Garissa County with an approximate length of 7Km. The road starts at Bulla Alghi and proceeds in a Southerly direction terminating at Garissa Giraffe Sanctuary.

1.2 Consultancy Description

The proposed Consultancy involves carrying out Environmental and Social Impact Assessment with a view to establishing the impact on the environment and social effects of the proposed works as described above.

2. OBJECTIVES OF THE ASSIGNMENT

The overall objectives of the Consultancy are to:-

- i) Take into account environmental, social, economic, cultural and legal considerations in regards to the proposed roadworks as described above;
- ii) Identify the anticipated environmental impacts of the proposed roadworks and the scale of the impacts;
- iii) Analyse and evaluate the anticipated impacts of the proposed roadworks on the physical, biological, social-cultural and social- economic environment;
- iv) Identify and analyse alternatives to the proposed roadworks;
- v) Evaluate the road design proposed in the engineering report and consider its effects on safety, comfort and convenience of the road users;
- vi) Propose mitigation measures to be taken during and after the implementation of the roadworks;
- vii) Develop an environmental management plan with mechanisms for monitoring and evaluating the compliance and environmental performance which shall include the cost of mitigation measures and the time frame of implementing the measures.

3. SCOPE OF THE CONSULTING SERVICES

3.1 General

The Consultant shall perform all work necessary as called for in these Terms of Reference. In carrying their work, the Consultant shall co-operate fully with the concerned agencies of the Government of Kenya, in particular the Kenya Rural Roads Authority, Roads Department of the Ministry of Transport & Infrastructure, National Environment Management Authority (NEMA), Ministry of Lands, Housing & Urban Development, Kenya Forest Service, Kenya Wildlife Service, Water Resources Management Authority (WARMA), Relevant County Governments, amongst others. The Consultant shall provide the necessary support services related to and necessary for the completion of the assignment. The work shall cover but not be limited to the aspects outlined in these Terms of Reference.

3.2 Description

Broadly, the assignment consists of:-

- a) Identification and analysis of the anticipated impacts of the proposed roadworks on the physical, biological, social-cultural and socio-economic environment.
- b) Review of the existing data on the proposed roadworks including social and economic activities within the project areas.
- c) Production an Environmental and Social Impact Assessment (ESIA) Report for the proposed roadworks and seeking the necessary approval for the issuance of a Licence by NEMA. This shall be in accordance with the general environmental impact assessment guidelines outlined in the Environmental (Impact Assessment and Audit) Regulations, 2003, and administrative procedures issued by NEMA. **Consultants should also note that they will be responsible for submission of the final report to NEMA in consultation with the Client.** Where any issues are raised by NEMA after submission of the final report, the Consultant will be required to address them expeditiously. Further, where NEMA recommends that a full study be undertaken, the Consultant will be required to carry out the same within the provisions of the existing contract.

3.3 Detailed Scope of the Consulting Services

The Consultant shall conduct analysis which shall detail the positive and negative effects of the development of the project on the environment, and prepare an EIA report recommending appropriate solutions to minimize any undesirable effects resulting from improvements of the road. The analyses shall include, but not limited to the following:-

3.3.1 Description of the Baseline Environment

The Consultant is required to identify, obtain/collect, collate and present baseline information/data on the Environmental and socio-economic characteristics of the existing

situation along the proposed roads. This data will then be used to describe the status of the project sites before commencement of project implementation. This description involves:-

- a) Physical Environment (topography, geology, climate and meteorology, social-economic activities, air quality, hydrology etc.).
- b) Biological environment (Flora types and diversity, endangered species, sensitive habitats etc.).
- c) Social and cultural environment including present and projected, where appropriate (i.e. population, land use, planned development activities, community structure, employment and labour market, sources and distribution of income, cultural properties).

NOTE:

The Consultant will be expected to take relevant measurements and carryout analysis where applicable to support the findings in (a), (b) & (c) above.

The baseline data will further be used to assess potential impacts on health, safety, the environment and the community.

3.3.2 Data Analysis and Evaluation of Alternatives

The Consultant shall analyse the data using checklist, matrix, threshold limit, overlay or any other appropriate method. The analytical process will involve use of physical, socio-cultural, mathematical, and economic models including an evaluation of costs and benefits. The models will require expert judgment for accurate predictions. In evaluating alternatives, emphasis shall be on the project location, design, technology, scale, or any other aspect that may be deemed significant.

3.3.3 Legislative and Regulatory Framework

The Consultant shall identify and describe the pertinent regulations and standards governing the environmental quality, health and safety, protection of sensitive areas, land use control at the national and local levels and ecological and social – economic issues. In identifying these regulations, the Consultant will be expected to clearly show the relationship/relevance of these regulations & standards to the proposed works.

3.3.4 Determination of impacts of the road project

The Consultant will analyse and describe all significant changes brought about by the projects. This should encompass environmental, ecological and social impacts as a result of project. The Consultant will analyse effects on human and natural environments such as land tenure system, population, settlements, land use, cultural practices, forestry, agriculture, water, soils, fragile habitats, air/climate, hydrological conditions, roadside development, and disturbance on vegetation among others. The Consultant will make

prioritization of all the concerns identified and differentiate between short, medium and long term impacts.

3.3.5 Occupational Health and Safety Concerns

The Consultant will analyse and describe all occupational Health and Safety Concerns brought about by the construction, site/work installations, operations and decommissioning of the roads. The Consultant will also make recommendations on the corrective and remedial measures implemented under the environmental management plan.

3.3.6 Identification and Development of Management Plan to Mitigate Negative Impacts

The Consultant will identify negative/positive impacts and develop comprehensive Environmental and Social Management Plans. The plans should recommend a set of **practical** and **project-specific** mitigation and institutional measures to eliminate, minimize or reduce to acceptable levels adverse environmental impacts and/or maximize social benefits. The Consultant should provide cost outlays for the proposed measures as well as their institutional and financial support. The Consultant shall consider varying environmental conditions that may affect the road works during construction, maintenance and use of the road project while proposing measures in mitigating the negative impacts.

3.3.7 Development of Monitoring Plan

Based on the baseline data of the ESIAs, the Consultant will be required to design comprehensive monitoring and evaluation plans which will act as measures of compliance during implementation and operation stages of the projects.

The Consultant is required to give specific descriptions and technical details of monitoring measures including the parameters to be measured, methods to be used, sampling locations, frequency of measurements, and definition of thresholds that will signal the need for corrective actions as well as deliver monitoring and reporting procedures. The Consultant should provide a time frame and implementation mechanism, staffing requirements and cost outlays.

3.3.8 Identification of Procedures for Winding up of the Project

The Consultant will identify appropriate procedures for disposal of waste/spoil materials, rehabilitation of borrow pits/quarries and any other activity that will be undertaken during the winding up phase of the project.

3.3.9 Identification of Benefits

The Consultant will be required to identify any benefits that may accrue from the proposed projects. In view of the fact that some indirect economic and social benefits

arising from the improvements in road conditions are intangible or difficult to quantify accurately, the Consultant shall undertake detailed qualitative analysis of these benefits. Only those benefits that can be firmly demonstrated in quantitative terms shall be included in the evaluation of the projects. The remaining qualitative benefits that have not been quantified may be used as secondary justification for project implementation.

3.3.10 Consultation and Public Participation

The Consultant shall undertake a stakeholder analysis to identify persons/groups that may be affected by the projects. The Consultant shall work closely with identified stakeholders at different stages of the Assignment.

In seeking the views of the public, the Consultant shall in ***liaison with KeRRA*** hold public meetings with the affected parties and communities to explain the project and its effects, and to receive their oral or written comments. The Consultant shall also ensure that appropriate notices are sent out at least one week prior to the meetings and that the venue and times of the meetings are convenient and suitable for the affected communities and the other concerned parties. The Consultant will be required to furnish for the Client's approval, a detailed public participation plan clearly identifying the stakeholders as well as the proposed methodology of carrying out consultations.

The Services shall be performed at such locations as are specified in Appendix A and, where the location of a particular task is not so specified, at such locations, whether in the Republic of Kenya or elsewhere, as the Client may approve.

1.6 Authorized

Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Client or the Consultants may be taken or executed by officials specified in the SC.

1.7 Taxes and Duties

Unless otherwise specified in the SC, the Consultants, Sub Consultants, and their Personnel shall pay such taxes, duties, fees, and other impositions as may be levied under the Law of Kenya, the amount of which is deemed to have been included in the Contract Price

2. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

2.1 Effectiveness of Contract

This Contract shall come into effect on the date the Contract is signed by both parties or such other later date as may be stated in the SC.

2.2 Commencement of Services

The Consultants shall begin carrying out the Services thirty (30) days after the date the Contract becomes effective, or at such other date as may be specified in the SC.

2.3 Expiration of Contract

Unless terminated earlier pursuant to Clause 2.6, this Contract shall terminate at the end of such time period after the Effective Date as is specified in the SC.

2.4 Modification

Modification of the terms and conditions of this Contract, including any modification of the scope of the Services or of the Contract Price, may only be made by written agreement between the Parties.

2.5 Force Majeure

2.5.1 Definition

For the purposes of this Contract, “Force Majeure” means an event which is beyond the reasonable control of a Party and which makes a Party’s performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

2.5.2 No Breach of Contract

The failure of a Party to fulfil any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

2.5.3 Extension of Time

Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

2.5.4 Payments

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultants shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

2.6 Termination

2.6.1 By the Client

The Client may terminate this Contract, by not less than thirty (30) days’ written notice of termination to the Consultants, to be given after the occurrence of any of the events specified in paragraphs (a) through (c) of this Clause 2.6.1 and sixty (60) days’ in the case of the event referred to in (d):

- (a) if the Consultants does not remedy a failure in the performance of their obligations under the Contract, within thirty (30) days after being notified or within any further

period as the Client may have subsequently approved in writing;

- (b) if the Consultants become insolvent or bankrupt;
- (c) if, as the result of Force Majeure, the Consultants are unable to perform a material portion of the Services for a period of not less than sixty (60) days; or
- d) If the Consultant, in the judgement of the Client, has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

For the purpose of this clause;

“corrupt practice” means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the selection process or in Contract execution.

“fraudulent practice” means a misrepresentation of facts in order to influence a selection process or the execution of Contract to the detriment of the Client, and includes collusive practice among Consultants (prior to or after submission of proposals) designed to establish prices at artificial non-competitive levels and to deprive the Client of the benefits of free and open competition.

- (e) if the Client, in its sole discretion, decides to terminate this Contract.

2.6.2 By the Consultants

The Consultants may terminate this Contract, by not less than thirty (30) days’ written notice to the Client, such notice to be given after the occurrence of any of the events specified in paragraphs (a) and (b) of this Clause 2.6.2:

- (a) if the Client fails to pay any monies due to the Consultants pursuant to this Contract and not subject to dispute pursuant to Clause 7 within forty-five (45) days after receiving written notice from the Consultants that such payment is overdue; or
- (b) if, as the result of Force Majeure, the Consultants are unable to perform a material portion of the Services for a period of not less than sixty (60) days.

2.6.3. Payment upon Termination

Upon termination of this Contract pursuant to Clauses 2.6.1 or 2.6.2, the Client shall make the following payments to the Consultants:

- (i) remuneration pursuant to Clause 6 for Services satisfactorily performed prior to the effective date of termination;
- (ii) except in the case of termination pursuant to paragraphs (a) and (b) of Clause 2.6.1, reimbursement of any reasonable cost incident to the prompt and orderly termination of the contract, including the cost of the return travel of the Personnel and their eligible dependents.

3. OBLIGATIONS OF THE CONSULTANTS

3.1 General

The Consultants shall perform the Services and carry out their obligations with all due diligence, efficiency, and economy, in accordance with generally accepted professional techniques and practices, and shall observe sound management practices, and employ appropriate advanced technology and safe methods. The Consultants shall always act, in respect of any matter relating to this Contract or to the Services, as faithful advisers to the Client, and shall at all times support and safeguard the Client's legitimate interests in any dealings with Sub-Consultants or third parties.

3.2 Conflict of Interests

3.2.1 Consultants Not to Benefit from Commissions, Discounts, etc

The remuneration of the Consultants pursuant to Clause 6 shall constitute the Consultants' sole remuneration in connection with this Contract or the Services, and the Consultants shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Consultants shall use their best efforts to ensure that the Personnel, any Sub Consultants, and agents of either of them similarly shall not receive any such additional remuneration.

3.2.2 Consultants and Affiliates Not to Be Otherwise Interested in Project

The Consultants agree that, during the term of this Contract and after its termination, the Consultants and their affiliates, as well as any Sub-consultant and any of its affiliates, shall be disqualified from providing goods, works, or services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.

3.2.3 Prohibition of Conflicting Activities

Neither the Consultants nor their Sub Consultants nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

- a) during the term of this contract, any business or professional activities assigned to them under this Contract; or
- b) after the termination of this contract, such other activities as may be specified in the SC.

3.3 Confidentiality

The Consultants, their Sub Consultants, and the Personnel of either of them shall not divulge any information, either during the term or within two (2) years after the expiration of this Contract, or any of the Client's business or operations without the prior

written consent of the Client.

3.4 Insurance to Be Taken Out by the Consultants

The Consultants (a) shall take out and maintain, and shall cause any Sub Consultants to take out and maintain, at their (or the Sub Consultants', as the case may be) own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverage, as shall be specified in the SC; and (b) at the Client's request, shall provide evidence to the Client showing that such insurance has been taken out and maintained and that the current premiums have been paid.

3.5 Consultants' Actions Requiring Client's Prior Approval

The Consultants shall obtain the Client's prior approval in writing before taking any of the following actions:-

- a) entering into a subcontract for the performance of any part of the Services,
- b) appointing such members of the of the personnel not listed by name in Appendix C ("Key Personnel and Sub Consultants"), and
- c) any other action that may be specified in the SC.

3.6 Reporting Obligations

The Consultants shall submit to the Client the reports and documents specified in Annex B in the form, in the numbers, and within the periods set forth in the said Annex.

3.7 Documents Prepared by the Consultants to Be the Property of the Client

All plans, drawings, specifications, designs, reports, and other documents and software submitted by the Consultants in accordance with Clause 3.6 shall become and remain the property of the Client, and the Consultants shall, not later than upon termination or expiration of this Contract, deliver all such documents and software to the Client, together with a detailed inventory thereof. The Consultants may retain a copy of such documents and software. Restrictions about the future use of these documents, if any, shall be specified in the SC.

4. CONSULTANTS' PERSONNEL

4.1 Description of Personnel

The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Consultants' Key Personnel are described in Appendix C. The Key Personnel and Sub Consultants listed by title as well as by name in Appendix C are hereby approved by the Client.

4.2 Removal and/or Replacement of Personnel

- (a) Except as the **Member in Charge** may otherwise agree, no changes shall be made

in the Key Personnel. If, for any reason beyond the reasonable control of the Consultants, it becomes necessary to replace any of the Key Personnel, the Consultants shall provide as a replacement a person of equivalent or better qualifications.

- (b) If the **Member in Charge** finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Consultants shall, at the Client's written request specifying the grounds therefor, provide as a replacement a person with qualifications and experience acceptable to the Client.
- (c) The Consultants shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

5. OBLIGATIONS OF THE CLIENT

5.1 Assistance and Exemptions

The Client shall use its best efforts to ensure that the he provides the Consultants such assistance and exemptions as specified in the SC.

5.2 Change in the Applicable Law

If, after the date of this Contract, there is any change in the Laws of Kenya with respect to taxes and duties which increases or decreases the cost of the services rendered by the Consultants, then the remuneration and reimbursable expenses otherwise payable to the Consultants under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred to in Clauses 6.2 (a) or (b), as the case may be.

5.3 Services and Facilities

The Client shall make available to the Consultants the Services and Facilities listed under Appendix F.

6. PAYMENTS TO THE CONSULTANTS

6.1 Lump Sum Remuneration

The Consultant's total remuneration shall not exceed the Contract Price and shall be a fixed lump sum including all staff costs, Sub Consultants' costs, printing, communications, travel, accommodation, and the like, and all other costs incurred by the Consultant in carrying out the Services described in Appendix A. Except as provided in Clause 5.2, the Contract Price may only be increased above the amounts stated in Clause 6.2 if the Parties have agreed to additional payments in accordance with Clause 2.4.

6.2 Contract Price

- (a) The price payable in foreign currency is set forth in the SC. (N/A)
- (b) The price payable in local currency is set forth in the SC.

6.3 Payment for Additional Services

For the purpose of determining the remuneration due for additional services as may be agreed under Clause 2.4., a breakdown of the lump sum price is provided in Appendices D and E.

6.4 Terms and Conditions of Payment

Payments will be made to the account of the Consultants and according to the payment schedule stated in the SC. The first payment shall be made against the provision by the Consultants of a bank guarantee for the same amount, and shall be valid for the period stated in the SC. Any other payment shall be made after the conditions listed in the SC for such payment have been met, and the Consultants have submitted an invoice to the Client specifying the amount due.

6.5 Interest on Delayed Payments

If the Client has delayed payments beyond fifteen (15) days after the due date stated in the SC, interest shall be paid to the Consultants for each day of delay at the rate stated in the SC.

7. SETTLEMENT OF DISPUTES

7.1 Amicable Settlement

The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.

7.2 Dispute Settlement

Any dispute between the Parties as to matters arising pursuant to this Contract that cannot be settled amicably within thirty (30) days after receipt by one Party of the other Party's request for such amicable settlement may be submitted by either Party to the arbitration and final decisions of a person to be agreed between the parties. Failing agreement to concur in the appointment of an Arbitrator, the Arbitrator shall be appointed by the Chairman of the Chartered Institute of Arbitrators, Kenya Branch, on the request of the applying party.
